TRAILER	BPW	10-12T (New Gen, ECO, ECO+, ECO+3)	ASET33116	ASET32310		446-702	USE OEM AXLE NUT				

- More information & applications available through STEMCO visit WWW.SPACERTECH.COM.AU
- SPACERTECH Adjustable Spacer must be used with oil or semi-fluid high flow grease.
- Heavy Duty PRO-TORQ, ZIP-TORQ or Castle Nut must be used with Spacer.
- SPACERTECH Castle Nuts to suit York 446-701H & ROR Metric 446-704H available from STEMCO.

SPACERTECH Adjustable Spacer

Spacer Tech's revolutionary bearing spacer system reduces axle & nut wear. The axle nut no longer determines the bearing clearance, as its now tightened with correct clearance maintained by the adjustable spacer.

- Designed & Manufacture in Australia
- Reduce running costs & down time
- Extend wheel end life
- No Alterations to your existing hub or axle

UNRIVALED PERFORMANCE, UNBELIEVABLE VALUE

STEMCO® heavy-duty bearings deliver unmatched quality and reliability and are part of our promise of Making the Roadways Safer
